

Two From Here Attend Meeting Held Dec. 27-31

Mrs. Roosevelt Speaks on
Youth in Democracy
After War Is Over.

President of Mills Speaks

Two Hundred Students From All
Parts of United States Take
Part in NSFA Business

Ted Young and Mary Frances McCaffrey, president and vice-president of the Student Governing Association of the College, were delegates to the meeting at the National Student Federation of America during the Christmas vacation. The meeting was held December 27-31 in the new Coffman Memorial Union on the campus of the University of Minnesota.

Mrs. Franklin D. Roosevelt spoke on Monday, December 29, at luncheon and at dinner. She discussed the place of American youth in American democracy after the war. She mentioned the fact that the negro has been elevated to a more responsible position in National defense. She also took part in talks on Campus U. S. O. works.

President Aurelia Henry Reinhardt of Mills College in Berkeley spoke on "Education for War and Peace." The Reverend Richard Raines of the Hennepin Avenue Methodist Church spoke on problems of youth today. Mr. Young said he considered this talk one of the finest given.

Chester Williams, assistant to United States Commissioner of Education in Charge of School and College Civilian Morale Service, asked that college students help to preserve morale and in that way assist defense. Merle Miller, Youth director of 7th civilian defense region in Omaha, told how students can cooperate with community officials.

Other speakers included Jane Seaver co-director of youth division in the office of civilian defense, and Col. Edward Wilbur, regional liaison officer of the 7th Civilian Defense region.

The rest of the time was spent in business meetings. The most important of these resulted in the combination of NSFA and the International Student Service, which was formerly for the assistance of refugees for education. They will remain individual organizations but one will act as a department of the other and they will work together in student affairs.

Mr. Young and Miss McCaffrey both stated that the meeting was exceptionally fine and well worth while. Mr. Young said that they especially liked the idea that emphasis was placed on National defense.

Social events during the convention included a mixer the first night so that everyone could become better acquainted, and a sleigh ride to a fancy the next night where they danced and were served refreshments. The last night a formal dinner dance was held for the delegates. They were also entertained at one time by the Minneapolis Symphony Orchestra.

There were approximately 200 delegates in attendance. Those attending had an opportunity to meet students from all parts of the United States. The girls from Florida and Texas were amazed to find that snow did not fall in "chunks."

The delegates from this College were very much impressed by the beautiful new Coffman Memorial Union in which all the meetings were held. Mr. Young found that Minneapolis is an easy place to lose one's sense of direction, but he says they were "treated royally."

Carmen Madrigal Sells Paintings in Baltimore

News comes from Baltimore, Md., that Miss Carmen Madrigal, who was a student here last year, exhibited paintings at a party given in her honor. Four hundred invitations were issued. Many of her pictures were sold.

Miss Madrigal, who studied art in her own country of Costa Rica and in the College here, has continued her study since going East last summer. She has recently painted a picture which has been valued at \$200.00.

At present Miss Madrigal is teaching Spanish in the Berlitz School of Languages in Baltimore.

Baptist Student Union Director Leads Meetings

Ted Charles Roselle, State Director of the Baptist Student Union, was in Maryville for three days, Tuesday through Thursday.

Mr. Roselle conducted meetings at the College during his stay here.

Wes McLaren of Elmo and Max Rush of Barnard, former students of the College who are now midshipmen at the U. S. Naval Academy at Annapolis, spent Christmas vacation with their parents.

Religious Emphasis Week Observance Being Planned

Plans are well under way for the observance of Religious Emphasis Week, which is scheduled between the dates of February 2 and 6.

While the speakers to be present during the week have not yet been decided upon, it is expected that it will be possible to announce their names in the near future.

On Monday, February 2, a morning College assembly will open the observance. Meetings will be held at 4:00 and 8:00 p. m. on Monday, Tuesday, and Wednesday. The afternoon programs will take the form of seminar discussions.

The meeting of Wednesday night, which will conclude the observance, will be a worship service. More complete data will be given as more definite arrangements are completed.

Leaving Highway Patrol, Porter Joins FBI

Sgt. E. Porter Clark, a former student of the College and husband of Charlotte Hope Welch, a graduate of the College, has taken a leave of absence from the Missouri Highway Patrol to join the Federal Bureau of Investigation. He is at present in Washington, D. C., for intensive training.

Sergeant Clark was a charter member of the Missouri Highway Patrol and at the time of taking his leave he was second in command. It is not known where he will be located after his training in Washington. He has been at Jefferson City.

Dramatic Soprano in Concert Tuesday Evening Gives Audience Fine Program

Larra Browning, dramatic soprano, appeared before an appreciative, if not large, audience which had braved zero weather on Tuesday evening, to hear what proved to be a real treat. It is not often that Maryville has the opportunity to hear a dramatic soprano—for dramatic sopranos are rare—and to hear a voice of such calibre as that of Miss Browning was indeed a delight to lovers of music.

Dr. Reven S. DeJarnette, director of the "Conservatory of Music," comments especially upon her marvelous range and upon the variety of her expression. "It is good to hear," he says, "the whole gamut of expression sung with such fine reserve as she had. Most difficult passages were sung with utter physical ease, poise, and vocal freedom."

In a long-sleeved black velvet gown and wearing a single gardenia in her black hair piled high on her head, Miss Browning, tall and erect, was statuesque in appearance. She had charming stage presence and displayed a graciousness of manner that won her audience upon her entrance.

The soprano opened her program with a fine performance of Wagner's "Du bist der Lens" from "Die Walkure." Following it she used four Brahms numbers, in them displaying a keen understanding of the tradition of German "lieder." Here she showed her splendid control of a voice that was more than abundant for filling the auditorium, yet possessed of such great flexibility that she was able to convey the most delicate pianissimo.

Her second group of songs consisted of four Italian numbers chosen from the works of Durante,

National Meetings Are Attended by Faculty Members

Pi Omega Pi Members Go
to Chicago to Attend
National Meeting.

Several members of the STC faculty attended national meetings in their respective fields of work during the Christmas holidays which ended Monday.

Three members of the commerce department were among those attending out-of-town meetings. Harold Neece, chairman of the department, and Miss Inez R. Lewis attended the National Business Teachers meeting in Chicago December 29-31 and W. W. Cook attended the American Marketing Association convention in New York City December 28-30. Miss Lewis also attended the national convention of Pi Omega Pi and was assigned to a committee for revision of the constitution. Two students also attended the Pi Omega Pi convention, P. A. Stewart of Gower and Miss Beulah Wilkinson.

Miss Bertha Schmauder entered Omega Pi is a national honorary fraternity for commercial teachers. Miss Ruth Nelson, violin instructor in the music department, attended the Association of Music Teachers convention in Minneapolis, held in conjunction with the National Association of Schools of Music and the American Musicological society. She attended a banquet at which the governor of Minnesota spoke.

Dr. Anna M. Painter, chairman of (Continued on page 3)

Leon Hale, in Service, Writes Night Watchman

A son of the night watchman, Bob Noble, has received a Christmas card from Leon Hale, who was at that time on board the U. S. S. Regal. When last heard from, Mr. Hale was stationed at Pearl Harbor.

Mr. Hale graduated from the Horace Mann High School, where he gained some reputation as a violin player. He received his naval training at the United States Naval Training Station at Chicago.

Commerce Students Go to Chicago to Attend Convention

Pi Omega Pi Officers Are
Delegates; Hear Many
Noted People.

Beulah Wilkinson and Perry Allen Stewart represented the Beta Chapter of Pi Omega Pi at the eighth biennial convention held in Chicago December 29, P. A. Stewart is president of the local chapter and Miss Wilkinson is vice president.

Besides meeting delegates of other chapters of Pi Omega Pi at the convention, the student delegates from this college were able to meet many people noted for their contributions to commercial education. For example, Dr. John Robert Gregg, who is responsible for the Gregg system of shorthand, was present. The students also had the privilege of hearing Dr. E. G. Blackstone of the University of Southern California speak at a formal banquet which was held in the Louis XVI Room of the Hotel Sherman. Dr. Blackstone outlined some worthwhile projects for Pi Omega Pi chapters to consider. The founder of Pi Omega Pi, Dr. P. O. Selby of Kirksville, Missouri, was toastmaster at the banquet.

While in Chicago, Miss Wilkinson and Mr. Stewart saw the exhibits of the National Business Teachers Association. Among the items of interest was the electric typewriter, which is completely controlled by electricity. The entire keyboard, including carriage return, back spacer, tabulator, shift and space bar, is electrically operated. Operators simply touch the keys and the motor does the work. The Royal Typewriter Company also had its Gold Royal on display. This typewriter which is gold plated, has more than 1000 facsimile signatures of record-making salesmen engraved on it. This machine was displayed in the House of Jewels at the New York World's Fair.

Miss Wilkinson said she was thrilled when Miss Helen Sayer, World's champion transcriber, typed at the rate of 125 words per minute and handed her the signed sheet. Miss Sayer's transcription record is 107 words per minute for 30 minutes.

Tulane university's new library is air-conditioned.

On Defense Stamps College Community Goes 100 Percent

Student Senate Manages
Pledges and Sales on
Regular Campaign.

The students and faculty and all employees of the College have rallied to the call to buy Defense Stamps and Defense Bonds a full one hundred percent. The amount purchased directly through the committees appointed by the Student Senate has reached, to date, \$407.82. This sum does not include any stamps or bonds purchased through other channels.

To start the campaign, a special assembly was called at 11:00 o'clock on the morning of December 12. At this time the plan was presented and the necessity for 100 per cent cooperation explained. Cards were passed out to everyone present so that each person could sign his name to the "I want a share in America" printed upon the cards and pledge to buy at least three ten-cent Defense Stamps on Monday of the next week.

On Monday the Student Center, where the stamps were on sale, was a busy place. Ted Young and members of the Student Senate were in charge of the sale.

Plans have been made to sell stamps regularly and the Student Senate urges students to arrange to purchase them on some definite schedule. It is the one thing in which everybody in the United States can have a part.

"Buy Defense Stamps and Bonds" is the slogan that will "Keep them Flying." The Student Senate is merely taking the initiative here, and it asks the help of every citizen. Not only the College students, but the students of the Horace Mann Laboratory School are 100 per cent for stamps and Bonds. The total to date for the Horace Mann School is \$142.10.

Miss Mary MacLeod Is Killed by Automobile

The college community was shocked this week to hear of the death of Miss Mary MacLeod, former head of the Women's Physical Education department, in an accident in New York City. The only information available now is that she was struck down by an automobile on December 28 and did not regain consciousness. The body was cremated and the ashes will be brought to Williamsburg, Iowa, her old home, for burial.

After leaving the College in 1924, Miss MacLeod went to New York City. She had been engaged in social work there in connection with the Henry Street Settlement. She made her home with her sister, Mrs. Ella Parr, who will continue to live in New York.

Famous Woman Scientist Aids at Lick Observatory

Palo Alto, Calif. (ACP)—Miss Julie Vinter Hansen, one of the outstanding woman astronomers in the world and professor at the astronomical laboratory of the University of Copenhagen, has accepted a temporary position at Mt. Lick observatory pending resumption of her efforts to return to Denmark.

Miss Hansen left Europe Sept. 1, 1939, just five hours before the German blitzkrieg started rolling.

Brown Family Are All School People

Six Brothers and Sisters
Attend College Here;
Four Take Degrees.

Six sons and daughters—every member of the family—teaching in the schools of Missouri and Iowa and all trained in the Northwest Missouri State Teachers College at Maryville is the distinction Mr. and Mrs. Hadley Brown of Jameson held until this week when one son, Gilbert Brown, was called into army training. He is located now at Fort Des Moines, having gone from his teaching position at Sidney, Iowa, where he taught social science and was playground supervisor. He holds and elementary certificate from the College.

Donald Brown, who also has the sixty-hour certificate from the College, is an instructor in social science in the public school at Forest City.

The other four members of the Brown family, Voris Brown and the Misses Imo, Geneva, and Eva Brown, hold the Bachelor of Science in Education degrees. Voris Brown is superintendent of schools at Eagleville; Miss Imo Brown is instructor in English at Chula; Miss Geneva Brown teaches in the kindergarten department of the public schools of Clarinda, Iowa; and Miss Eva Brown teaches English in the Mount City High School.

SAVE YOUR PAPER

Don't burn that waste paper! Help America conserve her resources for the war.

President Lamkin has asked that all waste paper which is collected about the building be saved. The College plans to have a paper baler in the near future, and the paper saved now will be sent away for reprocessing and will then be re-used.

The entire College community is helping in the effort with containers being placed at various convenient points about the main building. Waste paper at the Quad and Residence Hall kitchens is also being collected.

College Receives Gift of Currier- Ives Print From Senior Student

Picture Is Given to Art
Department by Fillmore
Pastor, M. R. Green.

Print Is in Exhibit Case

Gift Makes Three College Has Had
Within Year; Collection of
Originals Valuable.

A new acquisition of the Department of Art of the College is a Currier and Ives print, "The Great Packer, Johnson, driven by R. V. Johnson, Record 2:06 1-4," now on display in the second floor exhibit case in the Administration Building. It is the gift of the Reverend M. R. Green, pastor of the church at Fillmore, who is a senior in the college.

The firm of Currier and Ives of New York City reproduced many pictures depicting popular subjects ranging from farm and city scenes to portraiture. They give a detailed picture of middle class society in the period after the Civil War, its pastimes, its dress, and its customs. The prints have had a revival in popularity as a result of recent interest in the early history of America. They should be classified as folk-art.

The print is in good condition and very typical of the work of the Currier-Ives Press. It is of interest to know that the genuineness of the print has been attested by Mr. K. D. Medcalf, Chief of the Reference Department of the New York Public Library, and that it was registered in the Patent Bureau in 1883.

The College is fortunate to have received the gift, the third one of its type within the year. The earlier gifts were the copy of the "Self-portrait by Vigee Le Brun," bequeathed to the College by the late Miss Hattie Hall, and "Ozark Farm," an oil painting by the Missouri Artist, Frank Nuderscher, the Senior class gift of 1940-41.

The College and the Department of Art welcome such gifts. The College is the art center for this section of the country and possesses a collection of original paintings with an estimated value of twenty-five thousand dollars.

Girls Needed to Train as Nurses

Nurse Council on Defense
Says 50,000 Girls
Needed Soon.

Fifty thousand girls are needed to enter schools of nursing in the next February and September classes, according to information received recently by President Uel W. Lamkin, passed on to the local Committee on National Defense, and by the committee passed on to the Northwest Missourian for publication. Following its publication, the original call will be handed to Miss Hettie Anthony of the Home Economics department to be posted on the bulletin board.

"Mounting needs of the Army and Navy Nurse Corps," says the letter from the Nursing Council of National Defense, "the United States Public Health Service, and other government services demand a rapid increase in the number of graduate nurses. Well qualified college women, as well as high school graduates, are urgently needed to prepare themselves for this essential service."

Young women who have high personal and educational qualifications and are willing to serve their country are needed as nurses. Young women with one or more years of college are likely to be given preference in entering good schools of nursing and to advance more quickly to positions of responsibility.

Please let the young women know, says the chairman of the committee on Recruitment of Student Nurses, that "nursing is a career, not just for the emergency but for a life time; it has more 'top positions' as administrators, supervisors, and teachers than it has women qualified to fill them; it provides the college graduate with a better average income, both in her first year and later, than does any other occupation; expenses for the usual 3-year training period are low, and may be supplemented by scholarships; opportunities for usefulness are almost unlimited, especially in the post-war reconstruction all over the world."

Information may be had from the Nursing Information Bureau, 1790 Broadway, New York City.

Ted Olson Poetry Prize Open to College Students

The American College Quill Club announces the fifth offer of the Ted Olson Poetry Prize of \$25.00 to be awarded for the best original poem or group of poems submitted by an undergraduate in any American college or university. The prize is named in honor of Ted Olson, author of "A Stranger and Afraid" and "Hawkeye Way."

The contest will close March 15, 1942, at midnight. No manuscript received after that hour will be considered. Manuscripts are to be sent to the High Counselor of Quill, Robert J. Litzinger, 656 Grant Street, Indiana, Pennsylvania.

Three copies of which two may be carbons) of each poem must be submitted. They must be typed, double-spaced, on 8 1/2 by 11 inch paper, and mailed flat. Each poem must be marked with the author's pen name only, and accompanied by a sealed envelope enclosing his real name, class, and the certificate of the registrar of his school that he is a regularly enrolled undergraduate in that institution. This certificate should be stamped with the official seal of the institution. No manuscripts will be returned.

If a group of poems is submitted, it must have some organic unity. The prize-winning poem or group of poems will be published in Parchment, the Quill magazine. Announcement of the winner will be made as soon after March 15 as possible.

Ground School Is Superior, Former Student Declares

"Ken" Moore, Now in U. S.
Navy, Recognizes Fine
Work Done Here.

"Time down here is as precious as gold," says Kenneth Moore of New Hampton, a student of the college from 1939 to 1941, who is at present at the United States Naval Station, Jacksonville, Florida. "Ordinarily, the only time we have to do anything is on Saturday night and Sunday. We have a sixteen-hour day schedule and every moment of that time is crammed with activity—and I don't mean social life."

Mr. Moore's letter continues with a discussion of the good C. A. A. ground school instruction he received here at Maryville and some advice to others who have the opportunity of taking the work here. "We started ground school with the other cadets that haven't had any previous ground school at all," he writes. "As you know, the Navy ground school has to be given very hurriedly, since the time before graduating has been decreased. Cadets who have not had any previous ground school have an awfully hard time grasping the material—they give it so fast—but we C. A. A. students have already had most of it; so we just make sort of a review out of it."

In comparing the work done here in Maryville with what is done in other colleges offering ground school Mr. Moore is convinced, after talking with cadets who have taken the work elsewhere, that the work in Maryville is superior to that offered elsewhere. He mentions one school in which, to quote the report of a student from that school, "they just taught them to answer the exams." This student, writes Mr. Moore, "hadn't heard of 'Beetle Juice' or 'Polaris' or anything else that pertains to celestial navigation."

Mr. Moore likes the place where he is stationed. "Tell any of the boys," he says, "who are considering getting into the Navy to come to Jacksonville. I don't see how any place could be superior to Jacksonville."

Announce Birth of Daughter
Mr. Robert Main of the Speech department and Mrs. Main sent out unusual Christmas cards this year in that they announced the birth of a daughter on December 12. The child has been named Linda Caroline.

"Sleep late, and let the Mercury Book service return your overnight books to any campus library before 9 a. m."

THE COLLEGE OATH

"We will never bring disgrace to this, our College, by any act of cowardice or dishonesty. We will fight for the ideals and sacred things of the College. We will respect and obey the College laws and do our best to inculcate a like respect and reverence in others. We will transmit this College to those who come after us, greater, better, and more beautiful than it was transmitted to us."

STUDENTS CAN ALL BE IN SERVICE

For the first time in the lives of most of us this country is at war. Our leaders have told us—we must believe it—that the war will be long and hard. The Axis Power—Germany, Italy and Japan—are desperate nations, steeped in war-lore and inured to the hardships of war. In short, it will call for concerted action on the part of every one if this country and its allies are to win the war and the peace that must follow.

It is hard for a college student to see the possibilities for helping our war effort. The war, they say, is too large—it is being fought in many corners of the globe, and on every ocean. Yet the great war effort is not alone in Libya, in Malaya, or in Russia. The day-by-day actions of persons in Podunk, Hamville-on-the-Thames, and Petrovskovitch ultimately decide the outcome of the war when their efforts are given ceaselessly to furnishing food, clothing, and implements of war; when they do their tasks uncomplainingly and without rancor, they are contributing greatly to the successful prosecution of the war. If you are one of those who feels that he is not making a direct contribution to our war effort, there is always the opportunity to buy Defense Stamps and Bonds, and to save waste paper and tinfoil. Whatever the tasks may be that the students of this college are called upon to perform, let us discharge our duties faithfully and diligently.

WHAT TO DO IN AN AIR RAID

Elsewhere in this issue of the Northwest Missourian appears an official set of rules for conduct during an Air Raid. Students and teachers are requested to clip these rules and put them away where they may be easily found.

Why is it necessary for people who live in Maryville, Missouri, in the middle of this great United States, far away from either ocean which may serve as highways for attacking airplanes, to take such precautions? It is not that there is any immediate danger of an air raid here—there may be even no remote danger of one—but it is a part of our national defense plan that nobody in the whole of this country shall be uninformed should such a contingency arise. Many of the students now in the College are seniors or young men and women who expect to go out teaching on the elementary certificate. They will be in charge of schools, in charge of young children. Air raid signals are going to sound, in all probability. What are these teachers going to do in such an emergency, real or for practice? They should know what should be done. Some of these teachers who are going out may be teaching in places nearer the coast than Missouri. They should know what precautions to take in the event of a real air raid should one come.

It is with no thought of stirring up any war hysteria that the Northwest Missourian is publishing these rules. Hysteria comes from ignorance. Accept these rules as one of the methods of dispelling ignorance.

Quotable Quotes

"This great, free, united land of ours has now got to behave as if it were grown up, or very shortly it may be neither great, nor free, nor united. This America, which all men have been accustomed to think of as still very young and often despised for its bumptiousness and exuberance, stands today where only grown men can stand, the only unthreatened champion of a very ancient civilization. Over the world men turn their eyes to America and will turn them as toward an older brother who has stood secure amid the storm, whose steadfastness men are already saying may well remain man's only hope of a better world."—Prof. Robert D. French of Yale University.

From the Dean

1942! 365 days of opportunity (minus those that are gone when you read this)—24 hours in each day, time enough to get your tasks done. The quality of your work is YOUR TRADEMARK. In this world of ours there is a place for all, especially those who have demonstrated their ability by the quality of all that they do. Let us grant that we have quality now; but is it not possible for us to improve, to do better than which we are doing? If you can agree to this, will you put forth your effort to raise the quality which we all represent and which represents all of us?

—J. W. Jones.

Collegiate . . .

By Mary Ville.

Resolutions for 1942

Resolved:
To do some posture-improving exercises every day;
To keep my hair clean and brush it one hundred times a day;
To give my complexion the best possible care;
To keep my shoes polished and neat looking;
To take that stitch in time on all my clothes and hose;
To keep my teeth clean and breath pleasant;
To keep my nails and hands well groomed and attractive;
To plan my wardrobe for becomingness, economy, and utility.

Ginger Snaps

"Diplomacy is the art of letting someone else have your way."
Some good advice comes from one whose dialect indicates who she is: "Lawsy be, child! When yuh ain't got no education, yuh jes got to use yo' brains!"

An observer of life remarks: "Our tastes change as we mature. Little girls like painted dolls; little boys like soldiers. When they grow up, the girls like the soldiers and the boys like the painted dolls." (No allusion to page fifteen.)

Welcome nineteen forty-two!
I wonder what well do to you.
We mutilated forty-one
Until we're very glad it's done.

March 1, Residence Hall; March 15, Varsity Villagers; March 24, Boys' Quad; March 26, Phi Sigma chapter.

Quad Highlights

Quad Highlights were somewhat dimmed during the vacation season. Only basketball players remained to break the unusual quiet that settled over the four dormitories, but near the end of the two weeks time-out, returning N. Y. A. trainees joined that small group.

Most of the men at the Quad seemed refreshed by their respite from studies and work, and gave the appearance, outwardly at least, of being eager to return to their routines. None complained of headaches, so it may be presumed that the New Year found them happy, but healthy.

Several trips of considerable distance were taken by homeward bound men from this part of the College community. Paul Gates, John Lanham, Stan Totoraitus, and Nelson Meadows returned to their homes in Illinois. They found their "luck of the road" to be excellent on the homeward lap, but the return trip was made on snowy roads, and was slower. Ted Woodward, the Quad's contribution to the world of journalism, also became a contributor to the world of travel. Ted traveled 500 miles and visited Iowa, Nebraska, and Kansas before winding his way back to the Quad. Don't be surprised to see Woodward wearing bandages on his well worn thumbs.

Field Saterfield, N. Y. A. trainee who was second cook in the Quad kitchen has left to take a job elsewhere.

Bill Winters and Jim Ellison have accepted jobs in defense industries, and have left the Quad. Both Winters and Ellison were reliable players on the Bearcat football team last fall. Also having left are "Becky" Claybaugh, and Charles Colyn.

Mayor Jack Padilla says his home state of Iowa hardly permitted him to return to college. It held him in a cold snowy grasp, and even Jack couldn't buck the ten foot high drifts that formed the opposing line.

The intramural basketball tournament will start on its second round and the "K. P." and the "Aces" teams, the Quad's two contributions will be in there fighting it out again.

All-out efforts are being made by many organizations and groups to lend full support to the war efforts of our country. The Quad is lending a hand in this direction by saving all the old paper possible for re-use.

Exchanges

Our Thoughts
I am sure there is only one "thought for this week." One common thought in the hearts of all Americans: "Let it be a united prayer for those of our loved ones who already are among our armed forces, for those others who shall soon answer the call. Let us keep faith in our days of anxiety with an assurance that righteousness will prevail."—The Augsburg Echo.

Advice to the Young Student
Before forty you may be excellent students, but almost never scholars; learned but not wise; broadly informed but not experienced; for time is the essence of scholarship, wisdom, and experience.
—The Augsburg Echo.

A Woman Explains
Why are fire engines red? Well, newspapers are read too, and two times two is four, and four times three is twelve, and twelve inches makes a ruler. Queen Mary said the seas. Fishes swim in the seas. The Russians are red. Fire engines are always rushing! (Russian)—therefore fire engines are red.
—The Augsburg Echo.

Daftynitions
For—What a klutz does.
Sleep—She slept him in the face.
Bear Club—A rare type of nudist expedition.
—Los Angeles Collegian

What Your Senate Does

OFFICERS

Ted Young President
Mary Frances McCaffrey Vice-President
Jack Garrett Secretary
Paul Smith Treasurer
Marion Moyes Parliamentarian

Class Representatives
Senior Senators—Ella June Garrett, Charlene Barnes, John Anderson, and Andrew Johnson.
Junior Senators—Jack Garrett, Maurice Cook, Barbara Garrett, and Barbara Lark.
Sophomore Senators—Marion Moyes, Paul Smith, Elaine Gorsuch, and Jack Langston.

Freshman Senators—Marie Gilliland, and Glen Bush.
Mr. Moyes moved that the personnel department be invited to attend a meeting of the Senate in order that problems concerning Walkout Day might be discussed.

Doctor Advocates Reform Touching Removal of Hats

"Let public men keep their hats on outdoors at ceremonial occasions during bad weather," warns Dr. Leonard Keene Hirschberg, Director of the Institute for Scientific Research of the Hospital Age publications, in a statement drawing attention to the many prominent men who have died because of colds, caught while standing outdoors bareheaded at various ceremonial functions.

"It is particularly urgent at this time that our executives keep themselves fit for constant service and avoid risks to health," Dr. Hirschberg said. "One of the most certain ways to catch cold and develop serious illness is to go outdoors bareheaded."

"George Washington, Ambassador Herrick, Admiral Beatty, England's sea hero of the last war, and King George V, are among the many famous men whose deaths were directly traceable to one ultimate cause—a common cold caught while standing

bareheaded outdoors during a ceremonial occasion."

The doctor suggests that some salute which would not necessitate hatlessness, be devised for these occasions.

Men Are Needed

"Remember Pearl Harbor!" The brave men who struggle there are the heroes of America. To "keep 'em flying," the Army and Navy Air Corps technical schools are training men to service the fighting planes of America. It takes at least ten mechanics on the ground to keep one fighting plane in the air. Student instructors for the Army and Navy Air Corps Technical Schools are needed at once. If you have had three years of college education in engineering or teacher training for vocational or trade and industrial education, or industrial arts, you can qualify. For complete details, see your civil-service secretary at Maryville, Missouri or at any first- or second-class post office. "Remember Pearl Harbor!"

Student Union Declaration

(Immediately following the President's address to the joint session of Congress on December 8, the national staff of the American Student Union convened in special meeting and adopted the following declaration which was ordered to be made public.)

OUR WAR FOR FREEDOM

We are now at war.

Whatever the cost, we will win that war.

We will crush Imperial Japan, the treacherous, dastardly aggressor of the Pacific. And we will smash Hitler, the heart of this inhuman octopus which is waging war against the free world.

Our enemy is slavery. Our greatest ally and our greatest goal is freedom.

Our ally is Britain. Our ally is the Soviet Union. Our ally is China. Every free man and woman the world over, every free nation, every occupied land seeking liberation—is our ally.

We shall out produce Japan, Hitler and the entire Axis. We shall outfit them on sea, in the air, and on the land. The only thing they will excel in is retreating—but we shall overtake these enemies of mankind, bring them to their knees, and mete out the fate to which, in the judgment of God and man, they are inevitably doomed.

That the American people love peace—there is no need to repeat. That the American people, having been attacked, will arise in magnificent united sacrifice to safeguard our country, our homes, our schools, our living standards, our democracy—that too, is repetitious.

How shall we bring victory to our just cause?

From our factories will roll a torrent of planes, ships, tanks and guns—five, ten, twenty times as many as we are producing now. Everything necessary must be supplied to our own armed forces who so confidently go out to defend us. And we must increase our material assistance to Britain, Russia and China so that together we may destroy the Nazi-Japanese threat on every front.

From every part of our population—thousands of students amongst them—will come a great wave of patriotic American volunteers who want to do their duty at the battle-stations of the front. Everything necessary must be done to build up our armed forces on a war footing to sufficient size and strength to bring us success.

From every town and city, in every rural area, in every school—our protective civilian defense program will be speeded and expanded and placed on a full wartime alert.

THE POCKETBOOK OF KNOWLEDGE

The Stroller

Amazing as it may seem, the Stroller has recovered sufficiently from his Christmas vacation, plus blizzards and accompanying snow drifts, to attempt the usual poor excuse for a column.

Santa really did quite well in supplying the girls with diamond rings this year. Among the fair maidens on the campus who received these little emblems of affection from dear old Santa (???) are Muriel Sutton, Barbara Leet, Charlene Barnes, Sue McGraw, Marjorie Stone, Glee Palm, and Marcia Kraschel.

The Stroller wonders if all of the New Years celebrations were as hilarious and snowy as the one which he attended. Perhaps it is peculiar, but everytime certain beau brummels of the campus tell of their New Years Eve celebrations they remember a few new details of the evening. In a few days the stories are going to be so long and complicated that the Liars Club will be presenting new awards.

Some of the snow stories also sounded a little fishy to the Stroller, but without a doubt many of the students really had to wade snow drifts to return to their dear studies.

Here in Maryville during the Christmas holidays the army was very much in evidence. The town girls and the we out-of-town girls, who remained in Maryville for the holidays, really found that "there's something about a soldier, that is fine."

Girls, there are now five new aviators in town, so get on your mark. However, from a few tales the Stroller has heard recently, several of the coeds already have their eyes on these members of the Weaker Sex, so perhaps it is too late for the rest of you girls.

This Tommy Hull-Betty Duncan affair is really quite the thing. Too bad if the army has to spoil it all, isn't it? Other twosomes on the campus this week are: Mary Frances Todd and Erman Bird, a former student now at Fort Jackson, S. C.; Eileen Isom and Dick Anthony, another Army lad; Dorothy Lee Montgomery and Robert Rosenquist, still more Army; Bob Shankland and Barbara Johnson. Mary Margaret Tilton is still another maiden whose true love, Charles Colyn, has been called from the campus to work in a Bomber factory in Omaha.

The Bearcats really went to town down at Emporia last week. Several of the boys really got their sea legs and forgot their usual nervousness to give some fine results.

Speaking of the basketball team, one member, "Georgia" Wilson spent most of his Christmas vacation in misery. Connie Currutt's boy friend from M. U. was monopolizing her time. Every evening the three of them could be found in the Granada glaring at one another. Quite a good time was had by all—the spectators.

A certain little girl from Maryville high school was really thrilled over a compact presented her by Bill Bennett. Several of the girls of M. S. T. C. are going to be more or less disturbed by all of this competition.

The Stroller is really quite pleased to have Phi Sig, Murry Daniel, back in our midst. Murry decided he liked S. T. C. better than he liked the automobile industry.

During the holidays Bob Silvy engaged in a little experiment (make a word if you need it) track event—a two mile run in the snow. True to the Bearcat tradition, he won. If he can win in the snow, what won't he do on the cinder track in the spring?

Many of the College boys returned to the fold only to leave again after a day or so. The Stroller hates to see them go; but after all, duty is duty and Uncle Sam comes first.

This column seems to be devoted to the weather and the army—the two most important things in our minds at present time. Even the Stroller has gone military minded, but he isn't planning to join the army—not for a while at least.

Until next week, the Stroller says "Adieu."

Colgate Professor Is Alarmed Over Birthrate

HAMILTON, N. Y.—(AP)—The United States is declining from a country with a growing population, according to Dr. George F. Estabrook, Colgate University psychology professor.

The professor views with alarm the fact that the birthrate of women in America is two and a half times greater than that of citizens in the "above average intelligence" group. Dr. Estabrook is even more pessimistic about man in general, his prediction being that the human race will end in extinction in from one to 10,000 years unless it takes steps to correct the differential birthrate and "the fatal effects of modern medicine."

"The modern is inheriting the earth and the power of man's physical machine is being lowered, partially through weaknesses passed on by individuals kept alive by the doctor's hand," he said. "To see the human race has persisted in spite of the slow but sure natural selection or 'survival of the fittest' is not subject to

Cornell University Has New Recreational Center

Ithaca, N. Y.—(AP)—in order to provide winter recreational facilities for an increasing number of interested students, Cornell University will open a ski center this winter on 30 acres of hill property near here.

Funds have been appropriated for a ski tow, ski jump, shelter house, and for clearing the area. "The center has been designated 'Tar Young Hill' in recognition of Prof. Charles V. F. Young, Cornell, 1899, who for 37 years has fostered outdoor recreation for Cornell students."

Five co-eds have enrolled in the engineering division at Iowa State college.

This schedule for the remainder of the year has been announced as follows:

SOCIAL WHIRL

Married Christmas Eve

—Photo by Godsey.

Strong-Kelso
Miss Jean Strong, a junior in the College, and William Kelso, a former student, were married at 7:30 o'clock on Christmas evening in Oregon, Mo. Mr. Kelso is in the army, stationed at Fort Jackson, South Carolina.

Cole-Goforth

Miss Junetta Cole, a former student of the College, was married, December 2, to Sam Goforth of Bolckow. They will live on a farm east of Bolckow.

New-Hunt

The marriage of Miss Mary Ruth New, to Sgt. Paul Hunt, son of Mr. and Mrs. E. E. Hunt of Maryville took place at 8:30 o'clock Saturday morning at St. Patrick's church with Rev. Fr. R. E. Graham performing the ceremony.

Presiding at the organ was Miss Geneva Wilfley, who played the traditional wedding marches and hymns during the ceremony.

Sgt. and Mrs. Hunt were both graduates from the Horace Mann high school in 4th class of 1939. He attended the College until he went to Fort Jackson, S. C., where he is stationed with Battery C. He is a member of the Phi Sigma Epsilon.

Mrs. Hunt, who attended the Iowa University Training School for Nurses at Iowa City, has been working the past six months at Research hospital in Kansas City.

Following the wedding a breakfast for the bride party was served at the home of Sgt. Hunt's aunts, Misses Kate and Bessie Hunt, 418 North Mulberry street.

Sgt. Hunt left Wednesday for Fort Jackson. Mrs. Hunt will join him later.

Mitchell-McClurg

The wedding of Miss Ruth Mitchell to Raymond McClurg took place August 26, 1941, at Grant City, Mo., with Rev. Jesse Cunningham performing the single ring ceremony. They were attended by Mr. and Mrs. William Kelso of Maryville.

Mrs. McClurg attended the College and the last three years has been teaching in the rural schools of Nodaway county. She is now teaching at the Glendale school, near Pickering, and will finish the term. Pvt. McClurg was graduated from the Pickering high school and attended the College. He is now stationed with the 128th Field Artillery, Fort Jackson, S. C.

Miller-Fuller

The marriage of Miss Hah Miller of Bolckow and Gerald D. Fuller of San Diego, Cal., took place Friday, December 28, at San Diego. Both Mr. and Mrs. Fuller are graduates of the Bolckow High School.

Mrs. Fuller was graduated from the College at the end of the fall term with a major in home economics. She was a member of Kappa Omicron Phi and has served as vice president in the local chapter, Alpha. Mr. Fuller is a pharmacist mate in the United States Navy and is located at the naval training station in San Diego. Mr. and Mrs. Fuller are at home at 1732 Third avenue, San Diego.

Hunter-Jackson

Mr. and Mrs. B. P. Hunter of Fairfax announce the marriage of their daughter, Delore, to G. L. Johnson, son of Mr. and Mrs. G. L. Johnson of Odesa, Mo. The wedding took place December 24 at the First Methodist church in Hollywood, Calif.

The bride is a graduate of the Fairfax high school and the College. Mr. Johnson is a graduate of the College.

Bayless-Kiser

Miss Wilma Bayless, daughter of Mr. and Mrs. Floyd Bayless of Northboro, who formerly attended the College, and Gerald Kiser of Excelsior Springs, Mo., were married December 21 at the home of the bridegroom's mother in Excelsior Springs.

Student Presidents Meet

The presidents of all the organizations of the College met in Social Hall on Wednesday afternoon, January 7 to discuss plans for Religious Emphasis Week. Mary Ann Busby, student chairman, took charge of the meeting.

College Weddings

Shisler-Mullenax
Miss Lucille Shisler of Stanberry and Roy Mullenax of Coffee were married Christmas Day. Both young people are former students of the College. Mrs. Mullenax attended the years 1938 to 1940, and Mr. Mullenax graduated with the class of 1941.

Dannar-Trump
During the holidays Miss Mary Frances Dannar of Gentry and formerly of the College was married to Raymond Trump of Grant City.

Melvin-Halliday
Miss Mary Lou Melvin of Rock Port and Richard A. Halliday of Tarkio were married December 28. The wedding ceremony was performed in the Christian Church in Rock Port. Mrs. Halliday, a former student of the College, assisted in the office of Mr. W. A. Rickenbrode, bursar of the College.

Turner-Keeler
Miss Patricia Ann Turner, a former student of the College, was married on Saturday afternoon, December 27, to George Bradford Keeler of Kansas City. Mr. and Mrs. Keeler will be at home in the Georgian Court Apartments in Kansas City.

Allison-Harris
Miss Clarice Elmore Allison of Hopkins was married to Rufus Allen Harris of Lincoln, Nebraska, on Saturday, December 27, at the home of the bride's parents. Mrs. Harris was a former student of the College. They will reside at 412 South Eleventh street in Lincoln.

Overy-Vest
Miss Evelyn Overy of Mound City, who has been a student at the College until very recently, was married on Christmas Day to Charles Vest, formerly of Bigelow, now of Battle Creek, Mich. Mrs. Vest, too, is a former student of the College. The couple will make their home at 166 North Washington avenue, Battle Creek.

Kyle-Miller
Miss Helen Kyle of Graham, a graduate of the College, and Alvin L. Miller of Manila, Iowa, were married December 26, at the Presbyterian Church in Maryville, with Dr. W. S. Insley performing the single ring ceremony. Mr. and Mrs. Miller will reside in Manila, where Mrs. Miller has been teaching in the second grade of the public school.

Miller-Scott
Miss Averil June Miller and Ralph Bert Scott, both of Graham, were married in Kansas City, Kansas, on December 19. Dr. Harold Humber, pastor of the Christian Church, performed the ceremony. The bride is a former student of the College and has been teaching a rural school near Rea, Mr. and Mrs. Scott will reside in Kansas City, Kansas.

File-Currell
Miss Reva Fite, former student of the College, was married Christmas morning to Eugene Currell of Cameron. The marriage took place at the home of the officiating minister in Hamilton. Mr. and Mrs. Currell will be at home in Cameron, after January 15.

Kelley-McCoy
Miss Sara Ruth Kelley, a graduate of the Horace Mann High School, and Eugene Roy McCoy of Baltimore, Md., were married December 28, by the Reverend Lee Douglas of Maryville. Mrs. McCoy is the daughter of Mr. and Mrs. Orin Kelley of Pickering. Mrs. Kelley, a graduate of the College, is the former Miss Mattie Evans.

Mumm-Sawyer
Alex Sawyer, a graduate of the College, was married December 22, in Kansas City, to Miss Janet E. Mumm of that city. Mrs. Sawyer is the daughter of Mr. and Mrs. C. J. Mumm of St. Paul, Minnesota. Since his graduation, Mr. Sawyer has been executive secretary of the Linwood branch of the Young Men's Christian Association of Kansas City. In college, he was active in the Y. M. C. A. and in the Writers' Club.

Donelson-Marlow
Miss Margaret Donelson, daughter of Mrs. L. D. Donelson of Gallatin, who attended the College, and Sidney G. Marlow, son of Mrs. C. D. Marlow of Columbia, Mo., were married December 27 at the home of the bride's sister, Mrs. Allen W. King, St. Joseph. Mr. and Mrs. Marlow will be at home in St. Louis, where Mr. Marlow is a senior in the Washington University dental school.

Dr. Ruth Lowery will be the speaker at the A. O. E. meeting next Tuesday night, January 13, at the Horace Mann Auditorium. She will speak on "Vitamin Deficiencies." LaVeta McQueen is chairman of the Program committee.

Charles Colvin dropped his courses on Monday, January 6, in order to take a job in defense production. He will work in a bomber plant in Omaha, according to present plans. Mr. Colvin played on the football team last fall.

Miss Carpenter Married

—Photo by Carpenter.

Carpenter-Heywood
Miss Thelma Jean Carpenter and Orval N. Heywood were married December 12 at Omaha. Mrs. Heywood is a graduate of the College. The couple will reside in Omaha.

Johnson-McConnell
Miss Lorene Johnson, a graduate of the College, was married to Charles McConnell, Jr., on Christmas morning in the Presbyterian manse at Maryville. The Rev. Winfield Insley, pastor, officiated. Sgt. Ralph Knepper, of Fort Jackson, S. C., was best man. Mr. and Mrs. McConnell will be at home in Kansas City.

Thomas-Townsend
Miss Ruth Thomas of Stanberry, and Clarence E. Townsend of St. Louis, were married December 13 at Springfield, Ill., where they are now residing. Mrs. Townsend attended the College.

Kingsborough-Rinehart
Miss Aletha Kingsborough of McFall and Russell V. Rinehart of Maryville were married Sunday afternoon, December 28 at the parsonage of the Christian Church in Pickering. The Rev. L. B. Day performed the ceremony. Mr. and Mrs. Rinehart both are former students at the College, and Mrs. Rinehart is now teaching in Pattonsburg.

Stark-Jones
Miss Carrie Stark of Pattonsburg and Glenn Jones of Sidney, Iowa, were married Sunday evening, December 21 at the home of the bride's parents in Pattonsburg. The Rev. T. Earl Starke, pastor of the Cameron Christian Church, performed the ceremony. Mrs. Jones graduated from the College in May, 1939.

Jones-Allen
Miss June Marie Jones and Byron Spencer Allen were married Sunday evening, December 14 at the Summit Church of Christ at Mound City. Both the bride and groom attended the College. Mr. and Mrs. Allen are at home on a farm near Maryville.

Schapaugh-Knepper
Miss Roberta Schapaugh of Jameson became the bride of John S. Knepper of Tarkio at 10 o'clock Friday morning, December 26, at the Brookdale United Presbyterian Church in St. Joseph. Mr. Knepper attended the College and is now employed with the Bay Implement Company in Tarkio.

Caton-Theftord
Miss Marvel Daphne Caton, a former student of the College, daughter of Mr. and Mrs. A. B. Caton of Mound City, and William Oliver Theftord of Fort Worth, Tex., were married at the home of the bride's parents on Christmas day. Mr. and Mrs. Theftord will live at 584 Carlton Way, Fort Worth.

Students at University Stay Away From Bingo

KENT, Ohio.—(AP)—That University students stay away from the movies when bingo, screen, and bank night are held is revealed in a survey conducted by students of Dr. Harry D. Wolfe, associate professor of marketing at Kent State University.

The poll shows that instead of boosting attendance, these gift attractions keep 35 per cent of university students from attending the movies more often than they do. Opinion is almost evenly divided concerning double feature with 35 per cent of the students opposed to twin bills and 26 per cent in favor of them. The remaining 39 per cent don't care. However, more than three-fourths of the students polled disliked movie programs to last over two and a half hours.

The poll also reveals that men attend movies more often than women and that both sexes attend because of the picture and not the stars in it.

Favorite types of pictures for university students are light comedies and musicals, the poll indicates. Courses considered are General Metal and Welding, Automobile and Tractor Mechanics, Woodworking, and Electricity.

Phi Delta Kappa Holds Organization Meeting

The third meeting of the members of the Phi Delta Kappa fraternity in Northwest Missouri was held at the Hotel Linville Monday evening, December 15. The purpose of this meeting was to effect the organization of a field chapter of the fraternity in this district.

Mr. Tracy Dale of St. Joseph, president of the organization, presided at the meeting. Mr. Earle S. Teegarden, of Kingston, is vice president, and Mr. M. C. Cunningham, of the College faculty is secretary and treasurer.

Twenty-seven members were present at the meeting. Invited guests included President Uel W. Lamkin of the College; Hugh Graham, county superintendent of Grundy County; S. M. Rissler, Trenton; H. G. Puckett, Savannah; G. C. Mann, Parkville; and Hubert Garrett, Maryville.

Phi Delta Kappa is an honorary professional educational fraternity, which stands for research, service, and leadership. It is a national organization. Men, only are eligible to membership.

After the meeting all members attending were guests of President Lamkin at the Bearcat-Emporia basketball game. The next meeting will be held at Cameron, February 23.

Married Dec. 23

—Photo by Crow.

Miss Mary Katherine Weston of Barnard and Phillip Geyer of Graham, both former students of the College, were married December 23, at Parkville, by the Reverend David Cunningham, pastor of the Presbyterian church. The bride is teaching at the Maple Grove school, near Barnard. Mr. Geyer, who is stationed with Battery C at Fort Jackson, S. C., returned to Fort Jackson, December 25, after a ten-day furlough.

New Year's Resolution-1942

"But mother," said Johnnie, eleven years old this autumn, "what's the use of making New Year's resolutions this year when our country's at war and nobody knows what's going to happen?"

"What's the use? Why, there's all the use in the world! It's more important this year than it's ever been in your young life to look yourself squarely in the face and decide what things you ought to do better. When your country is fighting for her very life, it's important for you to be doing your level best."

"Then I ought to go on and resolve to get better marks in history even if I might not be able to go to college after all?"

"Certainly, dear. It's more important than ever now for you to make the most of your opportunities. And, in a world that's changing so fast, you need to know what has happened in order to have some idea of what may happen."

"And I still need to wait behind my ears?"

"Of course, darling! In times like these, morale is essential, and being clean, even where it doesn't show, gives you self respect that contributes to morale."

"And I shouldn't tease Sis so much?"

"Well, what do you think? When people are fighting each other all over the world, don't you think it's a good thing to have peace and good feeling at home?"

"I suppose so," Johnnie admitted, wriggling a little in discomfort. "And how about writing regularly to Grandfather?"

"He's never needed your letters more than he does today when he's worried about his business and working harder than he has in years, even though he's a pretty old man."

"Aw, mother, you make it so hard! I thought now with a war on, if I worked hard with the Scouts and collected old papers on Saturday for the conservation committee you'd be satisfied. But you want me to do all the other things, too, and better than ever!"

"Of course I do, son. Just as I want to do more things myself and better than ever. When our country is in danger we can't neglect anything; not our health nor our appearance nor our friends, above all, we need to know what we can do for ourselves and turn out more work than we ever thought we could. The way industry is doing."

"So make your New Year's resolutions the same as you've always done, and make them mean something. What if they are hard to live up to? You're an American and Americans in the past never tried to avoid the hard things. They did them and did them triumphantly. And we're going to do them again, come what may, in 1942!"

—Susan Thayer (in Industrial Press Service).

Singer Hopes to Visit Cape Cod This Summer

Going to Cape Cod as one of a small group of people to do concentrated opera study under Thurman Weigert is what Miss Larra Brownling is looking forward to this summer, the soloist revealed Tuesday afternoon in an interview with a reporter from the Northwest Missourian. Miss Brownling has been working for some time with Mr. Weigert, who is Kirsten Flagstad's coach.

Miss Brownling sang on the Metropolitan auditions of the air. She has made two trips, one to Cuba and the other to South America, as a singer on the "Kungsholm", of the Swedish American line.

At the Easter festival at Winton, Salem, North Carolina, last Easter, she sang in an oratorio before an audience of thirty-thousand people.

She has been in oratorios and concerts through the South and Midwest before coming to Maryville. She went directly to New York from here. She is now learning Wagnerian opera roles.

Mrs. Susie B. Newman, Miss Brownling's accompanist throughout the midwest, is well known in these states. She has played with the New York Philharmonic and Minneapolis Symphony.

The reporter for the Northwest Missourian interviewed Miss Brownling in the College auditorium where she and Mrs. Newman were interested in getting the correct lighting arrangements. To the reporter, Miss Brownling's manner was admirable. Her attitude toward the workmen during the effort to get the lighting she desired was one of patience and consideration. One who came in contact with her could not help admiring and liking her for her personality and poise.

When asked about how long she had sung, she replied, "As long as I can remember." She said that she enjoyed singing for college audiences for they seemed to be appreciative.

Miss Brownling made the comment that singing was good, hard work.

America's Automobile Industry now rapidly being converted into workshops for the Arsenal of Democracy has defense plants in 17 states and 67 communities. Its practice of farming out work to suppliers results in defense jobs in nearly all the 48 states.

Kappa Omicron Phi Has Annual Banquet

Celebrating Founder's Day, Used Old Fashioned Christmas Theme.

Kappa Omicron Phi, home economics society, held its founder's day banquet at the Hotel Linville, Saturday, December 13, at 8:30 o'clock. Forty guests were present.

The theme for the occasion was an old fashioned Christmas. The decorations consisted of a Christmas tree and bells. The programs had small evergreen wreaths centered with white candles on the front, and miniature Christmas boots were used for nut cups. Each guest present received a gift.

The program included two selections by a girls' quartet, the Christmas story, short talks by alumnae members, and the sorority song. Mrs. Ted Young was toastmistress.

Miss Hettie M. Anthony and Miss June Cozine as sponsors of the sorority, attended. Miss Anthony founded this professional home economics sorority in 1922, and was thus the honor guest.

Ruth Pfander was general chairman of the banquet and was assisted by the following committee chairmen: Doris Lauber, decorations; Eva Marie Swann, place cards and table programs; Colene Roland, program; and Mrs. Young, invitations.

Holt Household Has Party

The last Wednesday evening before the Christmas vacation the Holt House held a Christmas party. The festivity started about eight-thirty with all the girls gathered around the Christmas tree singing Christmas carols. Then Santa Claus arrived and distributed the gifts, which were under the Christmas tree. After all the girls had received their gifts, refreshments of ice cream, cake, popcorn balls, and candy were served. The table was decorated with little pine branches and the centerpiece was of poinsettias.

Students Can Attend Plays in Kansas City

"Separate Rooms" starring Alan Dinehart and Lyle Talbot, and "Arsenic and Old Lace" with a cast headed by Eric von Stroheim, Laura Hope Crews, and Effie Shannon, will be presented in the Mules Hall in the Municipal Auditorium in Kansas City during the month of January. Any college students who are interested in going to these plays by bus or car should see Miss Marian B. Lippitt, if enough students are interested, arrangements will be made for the cost and transportation.

"Separate Rooms" is scheduled for matinee and evening performances on Saturday, January 24. Tickets will be on sale until January 7, but students who wish to go should see Miss Lippitt before this date.

"Arsenic and Old Lace" the murder mystery that is one of the current New York comedy successes will be in Music Hall for evening performances, January 30 and 31 with a matinee on Saturday. Tickets will be on sale until January 13.

Photostatic Copy of Deed Signed by Andred Jackson

On display in the case on second floor is a photostatic copy of a deed to land in this territory signed by Andrew Jackson. The College is indebted for this loan to the Reverend M. R. Green of Milmore. The wording is as follows:

TO ALL WHOM THESE PRESENTS SHALL COME, GREETINGS:

Whereas Edmund Chapman of Nodaway County has deposited in the General Land Office of the United States, a certificate of the Register of the Land Office at Franklin according to the provisions of the Act of Congress of the 24th of April, 1820, entitled "An act making further provision for the sale of the Public Lands," for the West half of the North East quarter of Section Twenty-nine in Township Fifty-four of Range Frontier West in the District of lands offered for sale at Franklin, Missouri, containing eighty acres, according to the official plot of the survey of the said lands, returned to the General Land Office by the Surveyor General, which said tract has been purchased by the said Edmund Chapman.

NOW KNOW YE, that the UNITED STATES OF AMERICA, in consideration of the premises, and in conformity with the several acts of Congress, in such case made and provided, have given and granted, and by this present, the give and grant, unto said Edmund Chapman and to his heirs, the said tract above described: To Have and to Hold the same, together with all the rights, privileges, immunities and appurtenances, to whatsoever nature thereunto belonging, unto the said Edmund Chapman and to his heirs and assigns forever.

IN TESTIMONY WHEREOF, I, Andrew Jackson, PRESIDENT OF THE UNITED STATES OF AMERICA, have caused these letters to be made Patent, and the Seal of the General Land Office to be hereunto affixed.

Given under my hand at the City of Washington, the 4th day of June in the year of our Lord one thousand eight hundred and twenty-nine and of the United States the fifty.

By the President. AJ

CG Commissioner of the General Land Office.

Dance Held on Wednesday
An all-school dance, sponsored by the Student Social Committee, was held on Wednesday evening in Room 114 from 4:00 until 8:00 o'clock. The College Dance Band furnished the music.

Miss Doretha Henry, secretary to Mr. Hubert Garrett of the Committee on Recommendations, is ill in Chicago and will not return to the College for a week.

WHAT TO DO IN AN AIR RAID

(Please Clip and Save)

An official communication comes from the United States Office of Civilian Defense with the following emergency instruction for schools until further notice on "What School Teachers and Pupils Should Do During an Air Raid." These regulations should be clipped and saved by all teachers and students.

1. What to do when the Air Raid Warning sounds.

Sound the school alarm in a special way. Have each class leave its room in order as in fire drill. Conduct classes to the Air Raid Refuge.

Do not permit any pupils to leave the building.

Do not allow any pupils to return to classrooms until the "All-Clear" signal is given.

Do not send the pupils home.

(These protective measures will require organization, planning, and drill. They should be started at once.)

2. Air Raid Drill.

Use your fire drill organization to get pupils to the Air Raid Refuge. Have them file from the classroom the same way, in the same order, under the same leaders. But take them to the Air Raid Refuge.

The chance of a direct hit on any individual building is very small. You must guard against the blast of nearby high-explosive bombs, and incendiaries and falling fragments of anti-aircraft shells.

You must get away from windows, and from open doors. The large inside halls of most schools are suitable for an Air Raid Refuge. Do not use the halls on the top floor of the building. The cellar is suitable. After all the girls had received their gifts, refreshments of ice cream, cake, popcorn balls, and candy were served. The table was decorated with little pine branches and the centerpiece was of poinsettias.

Select the most protected places in the building—be sure they provide enough capacity to hold everyone without crowding. Be sure there is more than one exit.

It is important, too, that the Air Raid Refuge should have easy access to drinking water and toilet facilities.

Be sure the fire extinguishers are in proper working order. Be sure you have enough people—teachers or older pupils—who know how to use them. Appoint these people as fire guards. Have them take assigned posts when the Air Raid Drill sounds. Appoint a Chief Fire Guard.

If incendiaries hit the building, the fire guards should try to handle them, and put them out with water spray. If the fire gets beyond control, the Chief Fire Guard should sound the regular fire alarm. All pupils should then be conducted from the building as in regular fire drill. Class leaders should conduct them in an orderly fashion to shelter in nearby homes. Leaders must keep the pupils in control.

5. What to Organize
Do these things right away—they are essential now:

High School Boys Report Their Livestock Projects

Two Vocational Agriculture Students in Horace Mann high school, Lester Workman and James Steins, made net profits of \$68.07 and \$83.80, respectively, in their livestock projects for the past year.

The students have been making summarized reports of their projects for 1940-41, listing total expenses, market price, premiums, and such information in their Vocational Agriculture classwork.

Lester Workman's project for the year was a Chester white sow, which farrowed 8 pigs about the middle of April. He full-fed the pigs on feeder corn, ground oats, and a half-and-half mixture of tankage and soybean-oilmeal. He sold them around November 1, when they were weighing about 191 pounds. The pigs brought \$3.90 cwt. Lester's total receipts were \$149.00, less his total expenses, \$82.93, leaving a net profit of \$66.07 and a student labor income for 1940-41 of \$74.07. For this year's school term, Lester has 2 beef calves, 6 fall feeder pigs, and two sows to fatten in the spring.

James Steins had a Shorthorn cow and calf. The calf came the third of May. He is now feeding the calf a mixture of one-third ground corn and two-thirds ground oats, and also some good quality alfalfa hay. The calf weighs 425 pounds now. The first of September, his total receipts were \$51.00 and his total expenses \$22.20, leaving a net profit of \$28.80 and a student labor income of \$33.55. For this year's school term, James has a Shorthorn cow and calf, a yearling heifer, and four head of sheep.

Graduate Goes to Annapolis
Frederick French, a graduate of the College, who was at home in Maryville recently after his instruction period in Jefferson Barracks, St. Louis, was to report, January 9, to the United States Naval Academy, Annapolis, Maryland, for engineering training. When he completes the work at Annapolis, he will have an ensign's commission.

- Select Air Raid Refuge, more than one if necessary. Be sure there is more than one exit.
- Determine how the school alarm will be sounded for an air raid.
- Assign a refuge space or refuge room for each class or classroom. Assign class leaders to conduct the drill—the same as for fire.
- Publish full instructions; have them read over and over again to pupils. Have them posted on bulletin boards. Be sure every teacher and pupil understands them—now.

These things should be done at once. We are suddenly, unexpectedly, at war. When you have completed all of these things, it is time to organize your long-range planning.

6. Here are Some of the Steps to Take.

The Department of Education or other school authority, under the direction of the local Defense Coordinator, should plan and adopt a war program for the duration. Here are some of the steps to consider:

- Appointment of school building wardens, whose duties should be coordinated with their local zone or district Warden Service.
- Special transmission of Air Raid Warnings from the control center to school buildings.
- Fire Defense—Adequacy of present equipment, appointment of fire watchers (or fire guards) and special training in combatting incendiaries.
- Protective Construction—Quick and simple measures to provide additional security.
- Study of Alternate Air Raid Refuges for teachers and pupils in case of fire. Depending upon location, suitable buildings in the neighborhood may be available for use as Air Raid Refuge.

It is desirable to explore this possibility in order to affect dispersion where it can be done without undue exposure to the children.

7. What to Do About Training.
Start your training now. Don't wait for the final plan. Drill your pupils to behave on an Air Raid Alarm just as they do on a Fire Alarm. Hold drill every few days until they are thoroughly accustomed to it.

Keep up the morale of the pupils. So that if a raid occurs you will have experience in keeping them occupied. Organize first aid training for selected groups. Organize fire defense training for the fire guards.

8. Are We in Danger?

The answer to that is—we don't intend to be caught napping again—anywhere or anytime. We are not going to say again—"It can't happen here."

Don't rush around, don't worry, but Act! These are simple precautions. Read them again. Think how you will apply them to your school. Then take the necessary action—today.

Two Groups Serve as Entertainment Ushers

Six girls from the Varsity Villagers organization and four boys representing Alpha Phi Omega have offered their services as ushers and doorknockers for the major entertainments during the year. They served for the first time Tuesday night at the Larra Browning concert and will be on duty January 28 for the Max Lerner lecture, February 26 for "Twelfth Night," and the Ball-Japanese dancers in April.

The

Last Half Scoring Spurt Enables Bearcats to Defeat Rolla Easily

Lauchiskis, Leading Bearcat Scorer With 15 Point to His Credit.

For two-thirds of a game the Rolla School of Mines quintet made it a ball game in the Bearcat's first M. I. A. game of the season, but mid-way in the second period the Bearcats broke away to a lead which they never relinquished. They wound up on the long end of a 38-29 score.

It was Joe Lauchiskis whose scoring enabled the College machine to stay in the ball game during the first period. And it was Lauchiskis again who sparked the last half scoring spurt which enabled the Bearcats to come under the wire victorious. All in all Joe ramed in 7 field goals, and 3 free tosses to garner a total of 15 points.

For the most part of the game the Bearcat team was without the services of big Ivan Schottel. He made three fouls early in the ball game, and coach Stalcup withdrew him in order that his services might be used when the going was tough.

During the first half of the ball game, the lead, see-sawed from side to side. The Bearcats were able to hold on to a slight lead for the first ten minutes of the period, but a free toss by Main and a one-handed poke by Blair gave the Miners a slight advantage.

Late in the period Errol Myers made a tip-in bucket and two free throws to put the Bearcats ahead 20 to 19. But Cook, whose fine eye kept the Miners in the running, Nevins made a free toss to give the Miners a 22-20 edge at the half.

Starting the second half the Miners built up a 5 point lead with three throws. But with Lauchiskis, Cross, and Gregory all hitting, the Bearcats moved out in front with 9 minutes left to play. And they stayed there for the remainder of the ball game.

As in the preceding games of the season, it was the Bearcat defense which outshone the offensive power. During the whole second half, the Miners were able to score only one field goal.

The game was the first M. I. A. official contest in history to be played on the College court prior to the Christmas holidays. Perhaps the earliness of the season accounts for the fact that the contest was a rather raggedly played affair.

The box score:

Bearcats (38)	Rolla (29)
G T P	G T P
Cross, f. 2 0 1	Nevins, f. 0 1 3
Wilson, f. 0 2 1	Scholz, f. 1 0 0

Rudolph, f. 0 0 0	
Glavin, f. 0 0 0	
Poll, f. 0 0 0	

Totals..... 15 8 15 Totals..... 9 11 15
Free throws missed—Scholz, Moore, 3; Main, Cook, Spinner 3; Nevins, Wilson, Schottel, Johnson 4; Myers 3.
Officials—Ted O'Sullivan and Parke Carroll.

Recorded debates between leading colleges and universities throughout the country will be made possible this year at Bates College, Lewiston, Maine, where complete recording equipment and a new radio studio have been installed. Last years plans have been made for a series of recorded debates with the Universities of Texas, Oklahoma, Wisconsin, Virginia, Kansas, Iowa, Colorado, Michigan, Marquette and Northwestern.

Animals are not usually permitted to fly with Pan-American Airways. Recently, however, the company broke its rule and brought eight guinea pigs from Lisbon to New York City. The pigs, plump, lively, and inoculated with typhus virus in Madrid, are to be used in anti-typhus studies by the Rockefeller Foundation.

The entrepreneurs, Vincent J. Luca, and William P. Saunders, figure that many students would rather pay a nickel to be sure their books are returned on time than pay the library's fine of 10 cents for every 15 minutes that a reserve book is overdue.

Ninety-five students are employed in NYA work at the University of Akron.

NEXT YEAR'S SCHEDULE

(W. Grimsley)
January 1, Japan, there.
February 1, Italy, there (breather).

March 1, Germany, there (homecoming).

"Here's hoping 'we finish this schedule unbeaten and untied and get a bid to Peace Bowl at an early date.'"
—Forum

Eight Letter Men On Cub Basketball Team

Coaches Harry Darr and Bob Gregory of the Horace Mann Cub basketball team are sporting a squad which lists eight letter men on its roster. Also represented on the squad are five former squad members and two Junior high lettermen. The team, resplendent in new purple and white sweat suits, has shown a great deal of promise in its games to date.

The returning lettermen on the squad are Bob and Bill Burks, Gaylord Jensen, John Kinman, Stephen Lance, and Tom Surplus, seniors; Herbert Dieterich, junior; Jack Dieterich, sophomore. The Junior high lettermen are Donald Jensen and Chester McClurg, and the others former squad members, are George Weldon, Robert Dawson, Vernon Couts, Carrol Jorgensen, and Harold Jones.

Government Publications Are Named on Weekly List

The Superintendent of Documents in the United States Government Printing Office is putting out a weekly list of selected United States government publications which should prove interesting to many. From that list, which is posted on the bulletin board in Room 210—the staff room of the Northwest Missourian—the following are selections:

"Statistical Summary of Education, 1937-38," 10c.

"Horse breeding Suggestions for Farmers," 10c.

"Clara Gives Benzol the Run Around," 5c.

"Susceptibility of Horses to St. Louis Encephalitis Virus," 5c.

"Tannic Acid Treatment of Poison Ivy," 5c.

"Shoe Sizing and Fitting," 10c.

The weekly list will be sent free on request to the Superintendent of Documents, Government Printing Office, Washington, D. C. In ordering any of these listed, the list in the Staff Room should be consulted to secure exact number and title.

Snowball Is Theme of Pre-Christmas Formal

Dancing among Christmas trees and snow flakes in the Old West Library, the college students and faculty members enjoyed another annual Christmas formal Thursday night, December 18, from 9:00 until 1:00 o'clock.

The snow ball theme was carried out further by snow man figures decorating the walls. Effective lighting gave the room the appearance of a setting for a winter carnival. Santa Claus arrived at intermission time to distribute gifts. The social committee provided refreshments in the corridors.

The College Dance Band furnished music for the ball. Special vocal numbers were given by Louise Gray, who sang "Jim" and Jay Dougan, who sang "You and I."

The dance was sponsored by the Student Social Committee, Mary Frances Todd and Charlene Barnes were co-chairmen of the decoration committee.

The American Council on Education recently received a grant of \$2,500 from the Education department of the Office of the Coordinator of Inter-American Affairs to prepare, publish, and distribute a list of recordings and films on the other Americas that are available for school use.

Mr. and Mrs. G. B. Holmes, father and mother of the former Miss Lucille Holmes (Mrs. J. M. Roach of Kansas City), a graduate of the College, celebrated their fiftieth wedding anniversary, December 28, at their home in St. Joseph.

Tulane university is 107 years old.

Bearcats Lose to Fast Emporia Team

34-24 Decision Goes to Emporia Hornets in Non-League Tilt.

A fast-breaking basketball team from Emporia State Teachers College of Emporia, Kansas, humbled the Bearcat cage machine to the tune of 34 to 24 in the second game of the season for the College five Monday, December 15. The superior experience of the Hornet aggregation was the deciding factor in the game's final outcome.

As in the season opener with Missouri Valley, the game started slowly. Eddie Johnson and Joe Lauchiskis both sank free tosses early in the game, but it was not until several minutes had elapsed that Lauchiskis was able to flip in a one-handed from the free throw line to begin the scoring from the field.

With a few minutes of playing time left in the first period, Coach Stalcup inserted several substitutes. Straightway, the Hornets began hitting the bucket and forged to a three point lead. The half ended with the Hornets out in front 14 to 11.

The second half found the Hornets, with Campbell, Knox, and Caywood leading the scoring, forging slowly into the pay dirt. But late in the period, the men of Stalcup staged a scoring spurt which, if it did not win them the game, did put new life into the crowd and forced the Hornets to take time out.

Featuring the last-half spurt of the Bearcats was Ivan Schottel, who garnered all nine of his points during the period. He was, however, assisted by Joe Lauchiskis and Gene Cross who sank one bucket each during the spurt.

Again the defensive stand-out for the Bearcat team was Frank "Speck" Myers who grabbed plenty of rebounds. And Gene Cross, breaking into the second varsity game of his career, showed the fans and Coach Stalcup that he has what it takes to be of much service to the team in the games to come.

Standing out in the Hornet line-up were Bill Campbell and Willie Knox who bagged 8 points each. But they were ably assisted by Keith Caywood, captain of the crew, who got himself 5 points and played a whole of a floor game.

The box score:

Bearcats (24)	Emporia (34)
G T P	G T P
Reeser, f. 0 0 1	Wilson, f. 0 0 0
Myers, f. 0 3 1	Lauchiskis, f. 1 1 3
Foster, f. 0 1 0	Cross, f. 2 0 0

Embrue, f. 1 1 1	Fletcher, f. 0 0 0

Totals..... 10 14 18 Totals..... 8 16 15
Free throws missed—Myers 2; Knox, Caywood 2; Rudolph, Cross, Gregory 2; Schottel, Johnson 2.
Officials—Hogue and O'Sullivan.

Who's Who in W. A. A.

Maxine Hoer- man, reporter for the Women's Athletic Association, is a junior of this College. She graduated from Union Star High School and entered the College to major in Physical Education and minor in Music and Speech. Organizations that she is a member of are: O'Neillians, A Capella Choir, and the Women's Athletic Association. Her favorite games are volleyball and handminton. As reporter, her job is to let you know what is going on W. A. A.

Business Meeting
The Women's Athletic Association held a business meeting on December 16, at which time Charlotte Meyer introduced Sue Moore as a pledge to the association and was herself taken into the association as an active member.

Miss Miriam Waggoner was presented a Christmas gift by the organization to express their appreciation of her loyal leadership.

Roll Call was answered with members "100 per cent" for defense stamps.

Basketball
The basketball season of the Women's Athletic Association resumed practice last Monday night after the two weeks' vacation. The effects of eating Christmas candy and holiday dinners resulted in puffing and easily tired players. Everyone will have to get into condition for the Intra-Mural tournament and that will be coming up soon. The Manager, Betty Smalley, welcomes all the women who want to come out to learn to play and be on one of the teams.

The class captains were elected by the classes as follows: Senior, Harriet Harvey; Junior, Maxine Hoerman; Sophomore, Betty Drennan; Freshmen, Margie Chapman. The class tournament will be played later in the season.

With an average of 450 reserve books on overnight loan during the week, at the Providence, R. I., school, Luca and Saunders can make a maximum of \$22.50 a week.

William Curry Is Missing
William Curry, Jr., brother of Miss Blanche Curry and Charles Curry who are graduates of the College, has been officially reported missing. He was a fireman on the U. S. S. Arizona, which was recently destroyed at Pearl Harbor.

Total income of working students at University of Texas last year was \$57,000. Sixteen gifts and grants totaling \$28,025, including \$10,000 memorial grant for research related to purposes of the university arboretum have been accepted by the University of Wisconsin.

Random Shots

Basketball fans down Salina, Kansas, way were much disgruntled when the Bearcats emerged victorious in the Kansas Wesleyan tilt at Emporia over the holidays.

Seems the Salina fans had a lot of faith in Gene Johnson's "fire department" basketball. Gene is the Wesleyan coach, and he is credited by many as being the inventor of the all-out offensive brand of basketball which his teams employ. At any rate the Coyote club will come to Maryville next Monday night primed to hand Coach Stalcup's crew a defeat if it is at all in their power. But Coach Stalcup and his Bearcats are just as intent on coming out victorious. So fans in these parts should be in for a night of much basketball, come Monday.

And, if you're interested in styles of basketball play, the Kansas Wesleyan game should prove doubly interesting. For the brands of basketball coached by Messrs. Stalcup and Johnson are as different as night and day.

The Cape Girardeau Indians who come to Maryville for a tangle with the Bearcats next Friday night are, according to their coach, C. P. Harris, a well balanced aggregation which should win quite a few ball games. But he doesn't think his club is of championship calibre.

But the Indians in their first six games, of which they won 5 and lost one, were able to score a total

of 220 points to their opponents' 158. They have five lettermen on the squad, Herb Mulkey, senior; Gene Hill, junior; Carl Bldewell, junior; Jack Behrens, sophomore; and Jack Russell, sophomore. These men have started most of the games so far, and the scoring has been well distributed among them.

So the Indians are an opponent worthy of much consideration—certainly not to be taken too lightly.

Parke Carroll, sports editor of the Kansas City Journal paid well deserved tribute to the College and to President Lamkin in a column which appeared recently on the sport page of his paper. It seems our president had said that as long as the College could get 11 men together we'd have a football team. And it seems that both he and Mr. Carroll agreed that the sort of athletic competition displayed in American schools was right good for the country's morale.

This column lends its little voice in a fervent Amen. Because the fellow who knows what it means to fight 60 minutes of grueling football competition, no matter what the weather, the fellow who knows the thrill of real competition in any of the athletic events taught by the colleges of America, is the type of fellow who will know what to do when he is given the opportunity to do his share toward defeating the Nazi hordes.

Bearcats Go on Spree to Defeat William Jewell

Regulars Sit on Bench And Subs Out-Play The Visitors.

Basketball fans who turned out for the game Wednesday night saw a vastly improved Bearcat team romp to an easy 61 to 23 victory over a clearly outclassed William Jewell quintet.

Coach Stalcup inserted nearly every substitute on the bench during the course of the game, and the reserves fared almost as well as did the regulars.

The starting Bearcat line-up consisted of Gregory, Johnson, Myers, Lauchiskis and Schottel, and those stalwarts, amassed a total of 12 points, after Shell of Jewell had broken the ice with a gift toss, before Hubbard of the visitors was again able to counter with another free one.

In the closing minutes of the period, Coach Stalcup inserted a group of substitutes and they ran the score from 23 to 34 without the visitors counting. During the whole period the William Jewell team was able to score only twice from the field, both counters coming on one-handed pokes from the side by Cunningham.

Chicago's gift to Bearcat basketball, Joe Lauchiskis, led the scoring during the first period, with four baskets, the most of which were of the under-the-basket variety. The half ended, 34 to 7.

Wishing a look at his reserve power, Coach Stalcup started Rudolph, E. Myers, Infen, Glavin, and Cross at the beginning of the second period. The reserves played almost the whole period and were able to garner almost as many points as the regulars had during the first period. However, the William Jewell men were able to break into the scoring column oftener, scoring 16 points.

It was Gene Cross and John Rudolph who furnished most of the Bearcat offensive power during the period. Cross made 10 of his twelve points and Rudolph 8 of his 10.

Cross's 12 points gave him high scoring honors. He was followed by Rudolph and Lauchiskis, in that order. Arnold, with 8 points, led the William Jewell scorers.

Officials—Soph. Warrensburg; Stahlin, St. Mary's.

Totals..... 34 13 17 Totals..... 5 13 10
Free throws missed—Lauchiskis, Wilson, Gregory, Cross, Glavin 3; Fletcher, Infen, Shell 2; Arnold 3; Cunningham, Hyder.

Officials—Soph. Warrensburg; Stahlin, St. Mary's.

William Curry Is Missing
William Curry, Jr., brother of Miss Blanche Curry and Charles Curry who are graduates of the College, has been officially reported missing. He was a fireman on the U. S. S. Arizona, which was recently destroyed at Pearl Harbor.

Total income of working students at University of Texas last year was \$57,000. Sixteen gifts and grants totaling \$28,025, including \$10,000 memorial grant for research related to purposes of the university arboretum have been accepted by the University of Wisconsin.

Bearcats Surprise Dopesters to Win Kansas Cage Meet

Eddie Johnson Breaks Ice to Aid Joe Lauchiskis With Heavy Scoring.

Coach Wilbur Stalcup's fighting Bearcats upset all pre-tourney dope to capture first honors in the Emporia Collegiate tournament held, December 30, January 2, at Emporia, Kansas.

In its first game the Bearcat crew encountered the team from Wichita University, Wichita, Kansas and thoroughly trounced them 28 to 19. The most heartening thing about the game, as far as Coach Stalcup was concerned, was the fact that Captain Eddie Johnson who had been hampered by an inability to hit the basket with any regularity finally came through to score 4 field goals and tie Joe Lauchiskis for high scoring honors.

The first half of the ball game was closely contested. Maryville went in to the lead in the final seconds of the period when Paul "Georgia" Wilson connected for a long one which swished through the hoop as the final whistle sounded, to give the Bearcats a 12 to 11 lead which they never relinquished.

In its second contest of the meet, the Bearcat machine came up against the highly touted Kansas Wesleyan Coyotes from Salina, Kansas, who, prior to the tournament, were favored in the books of almost all dopesters. But here the Bearcats upset the dope charts completely to win handily 46 to 38.

Joe Lauchiskis lead the Maryville scoring in the fray with 4 field goals and 5 free throws for a total of 13 points. He was, however, assisted greatly in the scoring by several other Bearcats, Schottel, Gregory, Rudolph, and Glavin all contributing good shares to the scoring.

The game was unique in that a total of 46 fouls were called, 27 on Maryville and 19 on the Kansans. Spec Myers, Rudolph, Schottel, and Lauchiskis all went out via the four foul route. But Wesleyan was able to hit only 12 of its 34 free throw attempts.

In the tournament finals the Bearcats drew a team smooth working veterans from Baker University, Baldwin, Kansas. And again led by the blond boy from Chicago, Joe Lauchiskis, who scored 20 points this time, they were able to eke out a 43 to 40 victory.

The Bearcats built up a three point lead at the half-time, leading 23 to 18 at the end of that period. And the Bakerites were unable to improve on their position during the whole of a closely contested second half.

Kansas Wesleyan trimmed Alva, Oklahoma, 63 to 54 to take third place honors. Emporia Teachers took Drury to the tune of 31 to 29 to win the consolation tournament. Sterling emerged finally victorious when they defeated Wichita University 28 to 25 in the all-loser bracket.

James Madison Wood, 66 holds a record for longest tenure among presidents of Women's colleges. He is rounding out his twenty-ninth year as head of Stephens college.

Among new students at University of New Brunswick is a native of Nigeria. His name is Okechukwu Ikefiana and he is studying for a B. S. degree.

Success in growing vanilla plants from seed, which had been considered virtually impossible, has been reported at Cornell university.

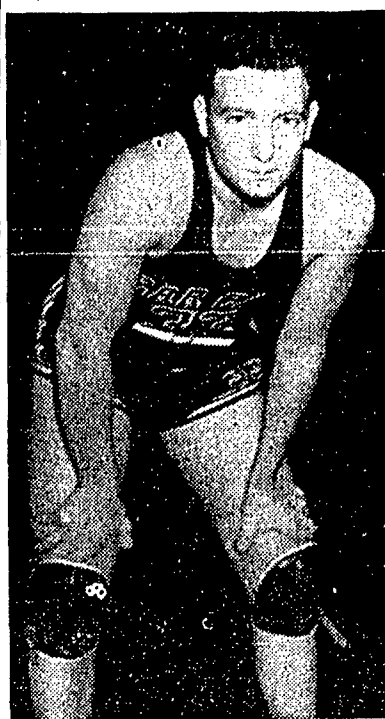

The average first-year college girl spends \$108 for room decorations and \$120 for clothes, a check-up indicated.

More than 4,000,000 persons saw educational films and slide sets distributed last year by the University of Texas visual instruction bureau.

Three members of the original freshman class of Queens college that was graduated in June have returned to the campus as members of the faculty.

Dr. Edward A. Birge, president emeritus of the University of Wisconsin, is one of the world's foremost authorities on lake studies.

Under a labor-study plan operation at Berea college, Kentucky, students are required to spend less than \$150 a year.

EDDIE JOHNSON

A Junior, Eddie is the only returning regular from last year's co-champion team. His cool head and all-around playing ability are valuable assets to this year's crew.

Mr. Valk Announces New Night Courses

Project Will Be Phase of Program of National Defense Training.

Mr. D. N. Valk of the Industrial Arts department has announced plans for a night school project to be undertaken in the near future. The courses are sponsored by the State Department of Vocational Education for defense training and are open to all out-of-school youths between the ages of 17 and 25 who show definite individual interest in the courses offered.

A tentative meeting date has been set for January 14, at 7:30 o'clock in the Industrial Arts building.

One need not be a high school graduate to be eligible for the courses which are open to any resident of Missouri.

Metal work courses include shop work, sheet metal, and welding. Much new equipment has been added for this course.

For more specific information Mr. Valk or Mr. Dieterich should be consulted.

College Students Join Forces of Uncle Sam

Since Christmas a number of young men have asked for transcripts from the office indicating that they were planning to enter the service. The list is not complete, but a few of the names of the men who have made application follow.

Dean Walker, who was teaching Industrial Arts and coaching at Hamburg, Iowa, has joined the Army Air Corps.

John Franken has joined the Navy. He was inducted at Fairfax Field.

William E. McCurdy plans to join the medical section of the Naval Reserve.

Byron Stephenson has joined the Naval Reserve.

Roger Winemiller, Buckner, obtained his transcript to join the Navy.

Glenn Edmonson, Union Star, applied for a place in class V 7 in the Naval Reserve.

The college of commerce and business administration of Tulane university offers courses in Latin American trade procedures.

Religion of Japan Is Sunday's Topic

Miss Alice Ilsey Is to Speak; Program Is in Charge of Senate.

"Christian Religion in Japan" is the topic which Miss Alice Ilsey will discuss at the Sunday Morning Hour, January 11.

The Student Senate is giving the program for this Sunday. The members of the committee to get the program are: Paul Smith, chairman; Marie Gilliland, Elaine Gorf, such, and Glenn Bush.

Ted Young, president of the Student Senate, will introduce Miss Ilsey. Elizabeth Davis will give the invocation. Scripture reading will be by Glenn Bush. The benediction will be given by Buford Elliot. The soloist for the program will be Merrill Ostrus and his accompanist will be Andrew Johnson. The song leader will be Charlene Barnes. A short discussion will follow Miss Ilsey's address.

The Sunday Morning Hour Program for the remainder of the year are as follows: January 11, Student Senate; January 18, Senior Class; January 25, Junior Class; February 1, Religious Emphasis Week Committee; February 8, Sophomore Class; February 15, Freshman Class; February 22, Newman Club; March 1, Residence Hall; March 15, Varsity Villagers; March 22, Boys' Quad; March 29, Phi Sigma Epsilon; April 5, Sigma Tau Gamma; April 12, Alpha Sigma Alpha; April 19, Sigma Sigma Sigma; April 26, Co-operative Independents; May 3, Alpha Phi Omega; May 10, A. C. E.; May 17, Phi Omega Pi; May 24, Pi Kappa Delta.

THIS COLLEGIATE WORLD
(By Associated Collegiate Press)
Even the best have to play second fiddle something. This is the story of a drum major who lost a decision to a baton.

Kenneth LeBar, freshman drum major at Kent State university who recently won the Penn-Ohio championship for outstanding work as a drum major, knocked himself out recently with a baton while practicing. LeBar tossed the baton into the air, but instead of catching it in his hand he stopped it with his head.

Students passing by found LeBar in a semi-conscious state and took him to the university hospital, where he quickly recovered.

Unidentified but thorough intruders in Seattle's college's 24,000-book library one night turned the volumes around on their shelves, their ends and titles to the wall.

A half dozen patient co-eds were busy for several days re-arranging the books. Meantime library business was suspended.

Rio Grande (Ohio) College has found a new way to "award" scholarships. Odell Marchington out-scrambled 100 other high school seniors from six counties to recover a \$50 scholarship dropped from an airplane at Rio Grande's High School festival.

Sophomore, Walter Kane, is working his way through Providence college—the easy way.

Kane was elected two years ago to the Rhode Island general assembly and this year he was re-elected for a second two-year term.

Pvt. Joe Whitaker of Bedford, Iowa, who is in the quartermaster's department in the army at Camp Robinson, Ark., visited Maryville during the holidays. He is a former student of the College.
